### **NDC VOLTA YOUTH WING APPRECIATES NEWLY REGISTERED VOTERS**

We extend our deep appreciation and congratulations to the 40,886 newly registered voters in the Volta Region. This step is a very fundamental constitutional right and offers you a great opportunity to participate in your very first election in 2024, and beyond.

At the close of registration, we had a total number of newly registered voters for the Volta Region to be 40,886, constituting 21,847 females and 19,039 males, representing 53.40% and 46.60% respectively.

Your registration is coming at a material time in the nation, where the economy is at its worst in our history at the hands of the current government. As such, your participation in the 2024 elections is a communal action, to the redemption of Ghana and the citizens. This, we urge you to take as a pledge, and be a nation builder by voting for change.

Please be assured we shall engage you on our policies and nation building agenda.

Finally, please be informed that the process for transferring of votes has begun today and will continue until June 14<sup>th</sup>.

We are also very grateful to the Regional Leadership Team, our Constituency & Branch Officers, Directorates of SHS Outreach, TEIN Secretariat and Volunteer Corps for their stellar efforts towards the registration.

Thank you once again for your commitment to our democratic process. Together, we shall build Ghana, and make her great and strong.
